

Important information about your health insurance cover

For employees of companies which have a "World Police" group contract - Barmenia offers an additional free service.

Why precisely for the United States?

In the U.S. many doctors and hospitals require a deposit or a credit card number as security before starting treatment. Whereas this is surely not an issue for "minor" treatment - it may be confusing and expensive for inpatient hospital stays. In these cases you find assistance by Barmenia health insurance and its American partner, Global Medical Management Inc. (GMMI).

If you can identify yourself as a customer of GMMI / Barmenia, everything necessary is handled for you and you can concentrate on the only important thing: your recovery!

The company GMMI is contract partner of Barmenia health insurance in the U.S. – contactable around-the-clock - seven days a week by calling 1-800-682-6065 (within the U.S.). GMMI offers you help and advice.

- ✓ GMMI employees are multilingual
- ✓ GMMI has a network of more than 450,000 licensed physicians and hospitals
- ✓ GMMI helps you to find appropriate doctors and hospitals
- ✓ GMMI grants confirmation of cost coverage for the insured benefits on behalf of Barmenia health insurance
- ✓ GMMI will contact your treating doctors and therapists to clarify issues
- ✓ GMMI pays for insured benefits directly to the doctors or hospitals

 Address:
 GMMI (Global Medical Management, Inc.)
 1300 Concord Terrace, Suite 300
 Sunrise, Florida 33323 USA

Is the insurance cover arranged for you?

Please remember: confirmations for cost coverage will be granted for insured benefits only. This assumes that your employer has registered you and your family to the "World Police". Are you not sure if this is the case or are there any questions according to the scope of services please contact your employer or Barmenia.

You may download your personal insurance card at www.weltpolice.com. Please show the card if necessary.
