

Application to LinkedIn Learning access

- 1) Go to the IIQ website <https://iiq.aexp.com/iam/home.jsf> (available to people with Amex accounts)
- 2) Select "Request Access"

- 3) Search for "SSO_LinkedIn_Learning", add it to the cart, then click the cart in the upper right corner + select Checkout

- 4) Select Request for yourself (or add a user) and press Checkout

5) Enter "PBGroup" in the comments field and complete the process with Submit

Access Request

Comments: PBGroup

Time based access (optional)

Summary of Requests

- If appears in the Additional Info field, please click on it and complete the required form. Please note that the Submit All button will be enabled only if there is at least one request ready to be submitted.
- To view details about policy violations, click on the symbol next to the application or role name.

Users	Account	Additional Info	Policy Check	Submit All - 1
Steffen Detsch				Submit
Network(Active Directory)	sdetsch			

After 1-2 days you should receive an email from Amex stating that you have been added to the group. Then you need to activate your account.

Account activation

Just click on the link you will receive.

Then authenticate the login to Okta and then activate the account. You have two options:

- Linking your account to your personal LinkedIn account (then you will save your ADS registration for future reference)
- Via ADS without link <https://amex.co/learn everyday>

We have it!
